

<b>Name of site:</b>						<b>Date of dive:</b>					
<b>URL of edited YouTube video:</b> (i.e. the video relating to the track below)											
Site sketch or generic plan showing track of video:											
5	10	15	20	25	30	35	40	45	50		
<b>Minutes of video footage</b>											

The following can be used as the basis for a video track diagram, please copy and paste into the table above as appropriate:

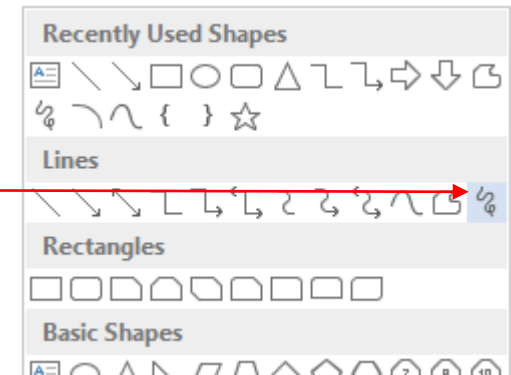

The above is based on the plans for SS Fluent, one of the south coast's Forgotten Wrecks that was torpedoed by UC-65 on 20<sup>th</sup> July 1917

### Adding the track

NB to add the video track to the site plan, in MS Word you can use:

- Insert
- Shapes

Under 'Lines' choose the final option, called 'squiggle' (when you have completed the squiggle, you can change its colour/thickness etc.)
